Attention students and parents!

If you are planning to take admission to a college this year, please note that you are required to take the Common University Entrance Test 2023. The application portal for CUET-UG 2023 has been reopened today, from 9th April to 11th April 2023. This is a crucial opportunity for those who have not yet submitted their applications to apply through the official website <https://cuet.samarth.ac.in>.

I urge you to take advantage of this window and submit your application before the deadline to ensure that you do not miss out on this important exam. If you have any further questions or concerns, please do not hesitate to ask.

Request everyone to share this post so that no student misses out.
