TIMES REPORT

JAMMU, June 6: The Department of Environmental Sciences, in col-

laboration with the Eco-Club of Govt. GJDOM Degree College Hiranagar, organised a symposium on the theme "Beat Plastic

Pollution' to commemorate World Environment Day. The event, held under the aegis of G30, saw the active participation of 15 students who shared their views through oral presentations and poems.

The students highlighted various challenges faced by the current generation, such as the global generation of plastic waste and the low recycling rates, with less than 10 percent being recycled. They also emphasized the prevalence of tiny plastic litter in the environment and the common plastic items contributing to pollution, such as food wrappers, plastic bottles, and grocery bags.

Dr. Pratya Khanna, the Principal of the college, graced the

occasion as the chief guest and commended the efforts of the students and faculty members. She urged everyone to reduce the use of single-use plastics and adopt more environmentally friendly alternatives. Dr. Khanna also encouraged students to embrace the concept of "Zero Waste" and incorporate sustainable practices into their daily lives.

Prof. Neha Bhagat, Head of the Environmental Sciences department and convener of the Eco-Club, explained that the objective of the event was to raise awareness among young minds about their responsibility towards the environment and how individual actions can make a positive impact.

C Udhampur celebrates World Environment Day

TIMES REPORT

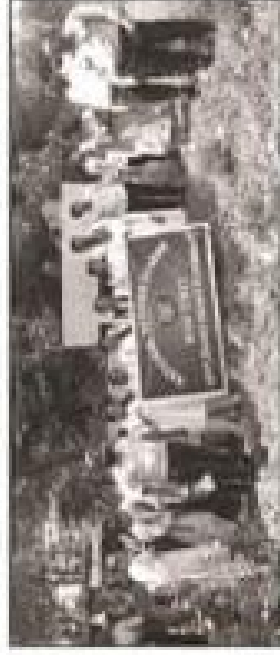

C UDHAMPUR, June 6: The Unit of GDC Udhampur, in collaboration with AKAM Cell, celebrated World Environment Day 2023 with a tree-planting campaign and a plantation drive. Led by Principal Prof. (Dr.) Ash Kumar Gupta, the team aimed to raise awareness about environmental issues, focusing on the 'Solutions to Plastic Pollution' and the importance of unity and love for nature. About 10 NSS volunteers actively participated in the activities.

During the program, volunteers created and displayed beautiful posters on college campus, highlighting the importance of environmental preservation. The Principal and NSS also initiated a plantation to contribute to a

greener environment. In his address, the Principal emphasized the urgency of resolving environmental degradation and encouraged students to adopt sustainable living practices, including waste reduction and the use of recycled products. Dr. Rippy Bawa, NSS Programme Officer, highlighted the threats posed by plastic pollution and the need for awareness. Dr. Abhy Sharma, NSS Programme Officer, discussed the importance of sustainable ecosystems and urged action on climate change.

The event concluded with NSS volunteers embracing trees and pledging to protect them. The Principal commended the NSS Unit for their enthusiastic participation, and the programme officers expressed gratitude to the senior faculty members for their support.

GDC Sunderbani celebrates World Environment Day

GDC Sunderbani Students Unite for World Environment Day

EARLY TIMES REPORT

SUNDERBANI, June 6: The NSS Unit of Government Degree College Sunderbani commemorated World Environment Day, 2023, by organizing a series of activities throughout the week. World Environment Day, observed annually on June 5th worldwide, serves as a reminder of the significance of nature and the environment. The purpose of this day is to raise awareness

about the growing threats to our environment due to pollution and climate change.

The students of GDC Sunderbani enthusiastically celebrated the entire week as "Environment Week" and actively participated in a range of activities. On May 27th, the NSS and NCC units, along with the Sports Department of the college, organized a marathon from the college to Thanda Pani under the banner of G30,

The event aimed to promote fitness and raise awareness about environmental concerns.

The success of the program can be attributed to the active support and involvement of Prof. Beant Singh, Prof. Rakesh Kumar, Prof. Ravinder Kumar, Prof. Sarwat Kousar, and Prof. Rafiq Ahmed Father. The entire program was conducted under the guidance of college principal, Prof. Minnie Sharma, who ensured its smooth execution.

The week-long activities served as a reminder to everyone about the importance of safeguarding our environment and the need for collective action. By actively participating in these events, the students and staff of GDC Sunderbani demonstrated their commitment to a cleaner and greener future for Mother Earth.
